Republicans in Your Pool!

The following, taken from a private letter to the Editor of this paper, contains a timely warning, which Republicans should heed:

"I fear our friends have slacked arms and will be beaten in this State unless they make extraordinary exertions and enthusiastic demonstrations. Where are our speakers? Has not Rhode Island, the predetermined minority, given us a new and startling motive to exertion? Good nothing to some boasting men can not do, bold speech, and will it stop at that? Democrats are working with a will. Republicans must not be a moment behind, or cave in the work will be done.

PROGRESS OF THE WORK

Pardon of Rebel General Preston.

Revenue Supervisor for Western Pennsylvania.

The Overland Mail Contract Awarded.

The Alabama Claims to be Arbitrated.

The King of Prussia Arbitrator.

Special Dispatch to the Commercial.

WASHINGTON, October 21, 1868.

Union Pacific Railway.

On Monday next the Union Pacific Railway company will have the unprecedented right hundred and sixty miles of road finished. This statement needs here been issued for seven hundred and eighty miles, and the President being signed the necessary order for making out and delivering them for the next twenty miles. The Commissioners have accepted eight hundred miles of the road, and their report only order was also signed to-day for the examination of the next twenty miles section. The President also to-day removed White, one of the Commissioners, and gave the place to Hall good Democratic politicians, Colonels Wemmell, of this city. The Board now consists of Frank Blair, General Rutherford and Wemmell.

Purchase of Gen. Preston.

There is a good deal of talk about the Presidential pardon to ex-Governor Preston, of Kentucky, who got from Andy Johnson on application of the New York Convention. It has been before been said by the Johnson men that the amnesty proclamation of last July released all rebels, except those under indictment. It is ascertained that Preston's application for pardon is held to be taken up for consideration.

Supervisors of Revenue.

Four nominations of supervisors were respectfully by Secretary McCulloch, two of them were for Pennsylvania, namely, John E. Smith, of Indiana, and E. J. Patterson, of Pittsburgh. Two nominations were confirmed, that of Asa P. Dalton, for the Western District of Pennsylvania, being the only one for the West.

Colored Boys in Blue.

The only foundation for the sensational stories of one of colored Boys in Blue had ought was the fact that a crowd of roughs followed the column, and created the disturbance, which occurred in the neighborhood of Schuylkill arsenal. The men in the ranks were well behaved, except when two or a dozen made for a variety was fired a general shuffle.

The Overland Mail.

Postmaster-general Randall returned from New York this morning, having completed an arrangement for carrying the overland mail until the gap between the railroads is closed, which will be about the first of next eight months, judging from present appearances. The Postmaster-general conferred with Senators Morgan and Conkling, and some of the leading merchants of New York, and after considering the various propositions it was decided to accept that of the Overland Express company, whose proposition was on the basis of one million seven hundred and fifty thousand dollars per month for eight hundred miles, which was the distance between the ending of the two roads on October first, the compensation to be reduced pro rata for every fifty miles of road. Thus will make the contract cost about seven hundred and fifty thousand dollars until the roads are joined. By the close of the present month the distance will be about three hundred miles. Should Mr. Young's proposition be continued, but it cannot cost over a million for the same service. Mr. Bennet's proposition, also considered, would cost about one million and a half.

The Alabama Claims.

A cable dispatch from London pertaining to the Associated Press says: "It is reported here that the information difference pending between the United States and England relative to the Alabama depredations, will be referred to the Emperor of Russia for arbitrament. The arbitrament is confirmed by a message received by the United States Government yesterday from Minister Adams, in which he stated that the question being referred to the Emperor of Russia for arbitrament, it was referred to the King of Prussia.

Washington, October 21, 1868.

Postmaster-General Randall and Assistant Postmaster-General McDonald, who returned this morning from New York, definitely arrangements have been made for the transportation of California mails as follows: The Pacific Mail steamship is to carry all those mails from San Francisco to Panama, and there connect with the Panama railroad company, who are also signed to-day for the conveyance of the mails across the Isthmus. From Aspinwall the mails are to be carried by the Pacific Mail steamship to New York and San Francisco, and correspondents have been made with Wells, Fargo & Co., to connect with the overland mail at Omaha. The Postmaster-General has also entered into contracts for the transportation of the mails between the terminus of the Union and Central Pacific railroads, and a point on the line of the road, to be designated by the contractors.

Almost seventy-five Senate employees in the Treasury Department will be discharged on the first November, to-morrow.

It is stimated, the defaulting postmaster clerk, in charge of the police office, has made restitution of the entire amount stolen, and is now in good condition of health. Some of his friends believe he will have time allotted in which to settle his accounts, and thus escape the penitentiary, by the government.

BE ARMED.

A call is issued to the Democracy to meet in this city on the 29th inst., although one is at a loss to know what they have to meet about. Their names are on the Assessors' list before Saturday. Friday is the last day on which assessments can be made, and it is the duty of committees and all interested in the success of Grover and Corvin to see that every voter's name is on the list by that day.

It is reported that Amos Brunner, the Chairman of the National Democratic Executive Committee, has abandoned the canvass, and will sail for Europe to-day. The only difference between Mr. Brunner and thousands of other Democrats scattered throughout the land, is that they will not go to Europe, but stay at home and quite generally vote for Grover.

Our Grove and Corvin and Eunice Clubs have not doffed their uniforms, but have rallied their lungs and will be out this evening in full force. Every Republican who reported his ballot on the 13th should make it his duty to be at home on the 31st of November, record his vote for Grover and Corvin. Remember Allegheny county is pledged for ten thousand majority!

The West Virginia State election will take place to-day, and the Republicans are confident of carrying the State by at least two thousand majority. Difficulties are apprehended in the Southern counties of the State, from the apparent determination of disfranchised rebels to vote, but the Fed eral troops have been so disposed that any outbreak which may occur will be promptly suppressed.

The Pittsburgh *Post* pronounces against the withdrawal of Governor and Brown. It sees more honor in going down with these candidates than with any that can be selected. It is a question of going down, nobly. The *Post* is of the opinion that Seymour and Blair will be the ticket ultimately, as one that can be elected. Its words are: "There ought no names to go up for the Democracy in the place of those of Seymour and Blair." And it lives alive at the World by declaring that "the whole scheme has been devised to confuse and perplex the Democratic voters." We are glad to be able to say that in all probability Seymour and Blair will not be withdrawn, and that the people will have the opportunity they desire to record their verdict against them.

DO SOMETHING!

Turn out to-night, boys! Rally once again. Show yourselves in the ranks. You have helped to achieve a victory once which you have a right to rejoice. Let every man take a fresh recruit with him, and let the numbers dispel the idea that there is any diminution of enthusiasm in the Republican ranks. Let us have such a demonstration as will inspire us all with renewed zeal and energy, and add to the general dismay among the revolutionists. Hang out the flags, decorate and illuminate your dwellings, and let us have a grand jubilee. This may be our last great parade—let it be the best.

THE REACTION.

The changes from the Democratic ranks to the Grover and Corvin column are increasing on, and it would not be surprising if one candidates receive fifty thousand majority in this State. Jas. E. McFarland, Esq., of this city, and a prominent Democrat for thirty years in Crawford county, having been editor of the Meadville *Democrat* for twenty years, has abandoned Seymour and Blair and says if his life is spared he will vote for Grover in November. Mr. McFarland was a Democratic elector in 1856, and was Postmaster of Meadville under two administrations. His conversion among the Democracy of Crawford county and his withdrawal from the party will cause hundreds to follow him.

The Harrisburg *State Journal* of Tuesday says:

> We have the highest authority for stating that all the men of all political shades in this State, who would vote for Grant and Colfax, have determined to support Hoffman and Buckalew, and have taken steps to that end. Democrats and Republicans will be represented on the Hoffman and Buckalew electoral ticket, and the vote for Grant and Colfax will be cast for Hoffman and Buckalew. This is the best news we have had for a long time, and we are glad to be able to announce it. It will be received with joy by the people of the whole State, and will insure the success of the Democratic ticket by a majority of from 30,000 to 40,000.

The Ohio Democracy are in a terrible state of excitement over the withdrawal of Pendleton from the Presidential ticket. The Cincinnati *Enquirer* says: "Pendleton is the only man who can save the party from defeat, and he must be induced to withdraw his withdrawal." The Columbus *Crisis* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Commercial* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Gazette* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Times* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Volksblatt* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Wochenblatt* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Chronicle* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Herald* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Post* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Democrat* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Freie Presse* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Freie Blatter* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Freie Zeitung* says: "Pendleton must be the candidate, or the party will be defeated." The Cincinnati *Freie Wochenblatt

Runaway Accident.—An employee in Richards & Co.'s paper store, on Water street, Allegheny, named Hunt, had a narrow escape from being run over by a runaway team, which, while coming up Water street, was turning down Sandusky street, when the driver was thrown out, and the horses ran over Hunt, knocking him down, but doing no other injury.

The Democratic Central Committee.—The work of constructing the Parker & Allegheny is progressing quite rapidly. Four policemen of the Seventh ward, Allegheny, have been detailed to guard the grounds above Ohio street and east of Beaver, to stop being molested by workmen, or a few of the hands employed on the road, having to planting trees. The water is now in an advanced stage of progress.

Democratic Meeting Ward.—The amount realized by the sale of gems in the North Avenue Methodist Episcopal Church fair, on Monday night, was $1,000, which amount will nearly if not entirely liquidate the indebtedness on the church property. The ladies who had charge of the fair deserve much credit for their untiring efforts in behalf of the church, and the success which attended their efforts.

Rope Ran or Down.—A morning cotemporary, by way of information for its readers, states that the argument on the motion for a new trial in the case of Lewis Lane, the negro murderer, convicted of murdering a house of prostitution, will be heard during this week, the beginning of our week. Now, our readers are aware that it was those Democratic Judges who refused to hear Judge Bailey's argument for the defendant, and refused to grant a new trial, and ordered the law to be executed, and not the Republican Judges, who are charged with the ordered murder of child murder.

The Sentence of the Pennsylvania Railroad.—The Executive Board, in referring to the sentence to the City Bureau train on the Pennsylvania Railroad on Saturday night, which resulted in the death of Engineer Bell, and the serious injury of Fireman Hamilton, by the accident, have sincerely and firm to desire that the fault of the affair had been immediately disposed. The affair took place in the proper place and had not been detected. The engineer, just before the accident, had left the office of the Superintendent. The company should make every effort to relieve the innocent party of an unfortunate crime.

Mr. Irwin, the engineer, was charged with the crime of manslaughter, and was held to bail in the sum of $5,000. He is stated that he was in the discharge of his duty, and that he was not to blame for the accident. The Grand Jury will not be allowed to the limit of the law. The sufferings of the engineer will be severe.

Burglaries in South Pittsburgh.

Three burglaries are reported to have occurred in South Pittsburgh, on Tuesday night. The names and residing of three persons, whose residences were entered and two hundred dollars, which was in the pocket of the proprietor, carried off. The various pieces did not go to bed until after midnight, and it is conjectured that the burglar entered a window during the forenoon of Wednesday morning. So it would seem that the burglar collected his booty in the forenoon and the night. An officer was offered to the scene of the robberies, but no clue to the perpetrators could be found. The general opinion is that the burglaries were done by some one who was familiar with the premises, and who knew where to find the money.

Public Amusements.

Opera House.—The people are now to appreciate the merit of strange actors when they first appear upon our boards, but when a popular and humbled athlete such as John E. Owens comes on he is greeted in large and fashionable audiences. Although Mr. Owens has appeared but in four of his famous characters during his present engagement, the general desire to witness his performances and "feed" was performed last evening by a respectable audience of the theatre-going people. To-night Mr. Owens will appear in his inimitable impersonation of Solon Shingle, and to-morrow evening he will close his engagement with the character of Asa Trenchard, which will be acknowledged by S. Colville Thompson, Esq., to be the best character in the play. The high gratification of the audience and the numerous encores which he received, will doubtless add together a large audience.

Bijou.—The most elegant furnishings in the south are to be found on the first floor of the new building on the corner of Smithfield street, and the First National Bank building of Birmingham, situated at the corner of Second and Bonham streets. In a previous issue we described the fine building, which is now nearly finished. The first floor, which is divided from the remaining floors over Penfield's store, is fitted up in the most elegant and costly style to distinguish it from any other saloon in the city. The counter is of the finest Italian marble, and the mirrors, which are of immense size, are the largest ever imported into this country. The bar fixtures are of the most elegant and costly description, and the whole establishment is fitted up in a manner that will be a credit to the proprietor, Mr. Penfield, and to the city. Mr. Penfield will open the saloon to the public this evening, and we trust he will receive the patronage he so well deserves.

Rose Hill or Nowhere.—A morning cotemporary, by way of information for its readers, states that the argument on the motion for a new trial in the case of Lewis Lane, the negro murderer of Madame Restell, will be heard during this week, the beginning of our week. Now, our readers are aware that it was those Democratic Judges who refused to hear Judge Bailey's argument for the defendant, and refused to grant a new trial, and ordered the law to be executed, and not the Republican Judges, who are charged with the ordered murder of child murder.
